

Sciatica

Workout 1 of 4: Full Body Circuit | Beginner | 15 min warm-up + 30 min workout + 15 min abs

LEVEL	TIME	FOR	EQUIPMENT
Beginner	60 minutes	Sciatica	Sturdy chair, resistance band, light dumbbells (2-8 lb), mat

Workout 1 of 4: Full Body Circuit. Sciatica is irritation of the nerve that runs down the back of your leg. Gentle, regular movement usually helps it settle. This program keeps your spine neutral, builds core and hip strength, and avoids moves that pinch or stretch the nerve hard. Work at about 4-5 out of 10 effort.

Before you start

- Get your doctor's or physical therapist's OK before starting.
- If you had surgery, follow your surgeon's and physical therapist's protocol and timelines. They come first.
- Mild discomfort (3 out of 10 or less) that settles within a day is OK. Sharp pain means stop that move.
- If leg symptoms travel further down your leg during a move, stop that move. Symptoms moving back toward your back is a good sign.

Stop right away and get help if you feel

- Sharp back pain, or pain that shoots down a leg
- New or worsening numbness, tingling or weakness in a leg or foot
- Loss of bladder or bowel control, or numbness in the groin (call 911)
- Pain that is clearly worse the next day

This workout is general fitness guidance from Conquer Boxing Fitness & Health and is not medical advice. It does not replace care from your doctor. Always follow your healthcare provider's instructions about exercise, and stop any movement that causes pain.

MAIN WORKOUT

30 MIN

Format: Circuit. Complete all 6 exercises, resting 30-45 seconds between exercises. Rest 2 minutes and repeat for 3 rounds total.

#	Photo	Exercise	Dose	How to do it
1		Chair squat	10-12 reps	Sit back toward the chair until you lightly touch it, then stand tall. Exhale on the way up.
2		Wall push-up	10-12 reps	Hands on the wall at shoulder height, body straight. Lower chest toward the wall, exhale as you push away.
3		Resistance band row	10-12 reps	Stand tall, band at chest height. Pull elbows back and squeeze shoulder blades.
4		Glute bridge	10-12 reps	On your back, knees bent. Lift hips, squeeze, lower slowly. Roll to your side to get up.
5		Supported split squat	8-10 each leg	Hold a chair. Lower straight down a few inches, keep the front knee over the ankle.
6		Steady shadowboxing	1 min	Straight punches with your core braced and spine tall. Turn from the hips, not the low back.

If pain or tingling spreads further down your leg, make the move smaller or skip it.
